Indian Institute of Technology Patna
Department of Humanities and Social Sciences

HS331 (Sociology of Development)
End-semester examination
May 2, 2014

Duration: 3 hours   Total Marks: 50

This question paper is divided into three sections- namely A, B, and C. Read the instructions and the questions carefully before answering.

Section A

ANSWER <u>ALL FOUR</u> QUESTIONS (8 MARKS EACH)

1) Millennium Development Goals have become the new *mantra* for human development. See the illustrative representation below. It represents few of the goals. List all those goals not shown below and highlight the significance of any one of the eight for India's development. What role can technology play in that?

2) Why is the injustice frame important in a social movement? What are the important stages of any social movement? Explain using examples from the pertinent need of contemporary anti-corruption movement in India.

3) Sustainable development is multidimensional. Discuss. Sustainable development desires better consumption practices which in turn will reduce production of waste including those that are hazardous. Elaborate using the experience of Erin Brockovich.

4) *A white feminist in Paris rushed up to a fully veiled Muslim woman and tore off her veil. Shouting curses at the institution of patriarchy, she asked her to rebel against it.* How does this situation highlight humiliation? What are the processes in which recognition of "others" ways of life can create a better society? Explain.

Section B

BRIEFLY EXPLAIN THE FOLLOWING (2 MARKS EACH)

1) Importance of Values in Education
2) Difference between Community and Society
3) Participatory Action Research
4) ASHA
5) Anomie
6) Right based approach to development
7) Role of technology for better governance
